

15 December 2022

Dear Parent/Carer

**FS2 – Year 6 Home Reading Incentive**

As you are aware, reading at home with your child very much supports their reading development and we strongly recommend this. This could be a book from their home reading book pack, a school library book, a book from home, a comic or anything they like!

To promote reading at home, we will be introducing an incentive from **January 2023**. Every child who has recorded the required number of times they have read at home in their school planner, will be entered into a weekly prize draw. This will be drawn on a Monday in our school assembly and the winner will receive a prize. To be entered in the prize draw your child must have: -

**FS2 & Years 1 & 2 - read 4 x per week**

**Years 3, 4, 5 & 6 - read 4 x per week and have completed a good quality book review**

**Don't forget to record your child's reading in their school planner.**

We are very excited to start this and hope you will support your child to take part.

As well as receiving a prize, the winner will get to read or play some games with Star our school dog.

If you have any questions, please do feel free to contact me.

Mr D. Fisher

Reading Leader
