

Snow Day Tasks

Writing

My Snow Day Story:

Create a story to tell me what you are doing on this snowy day?

Draw a picture of you on your snow day.

Create and illustrate a fantastic snow poem?

Maths

Create a snow day picture using 2D shapes (circles, squares, rectangles, triangles, oval, pentagon).

Practice counting up in 2s, 5s and 10s.

Can you make your own sums? Remember to write down the answers.

Phonics

Practice your phonics sounds in your planner.

Read a book with your grown up.

Snow Day Science

It's Magic

Try out this "magic trick" with an ice cube, string and salt. Place an ice cube in a cup

of water. Cut a piece of string a few inches long.

Ask a friend to try to pick up the ice cube using just the string and not their fingers.

They will see that it does not work.

Now dip the end of the string in the water and lay it across the ice cube. Sprinkle

some salt on top of both the ice cube and the string.

Wait a minute or so and then

try to pick up the ice again using just the string. It should work this time because

the salt will have melted the ice slightly and the water will have refrozen around the

string. Amazing!

Have fun and don't forget to build a snowman!
